Principal's Message

Denair Middle School (DMS) provides a small-school environment that addresses the needs of all students in a personalized manner. All stakeholders, including students, families and staff have the opportunity to work collaboratively to provide positive educational access for all students. We strive to build positive relationships with our students, staff and families so all stakeholders are invested in our mutual success.

School Mission Statement

Denair Middle School provides a comprehensive student-centered program dedicated to motivate and educate students to become productive, effective lifelong learners and leaders as they grow and develop appropriate interactions with other members of society.

School Vision Statement

At Denair Middle School, we provide a personalized learning experience for our students where relationships are our focus. We prepare our students with the skills to continue their education by encouraging and developing students' love of learning. Denair Middle School empowers all students through exemplary instruction and innovative programs.

Parental Involvement

Parents and community members are an essential part of our school. Denair Middle School encourages and believes parent and community involvement is crucial to ensure student achievement. Our parents, community and staff work together in a number of settings and roles including our School Site Council, Parents Supporting Education (PSE) parent club, community events, site volunteering, classroom volunteering, athletic coaching, and dance and field trip chaperoning. The DMS School Site Council meets four times a year to review the district's Local Control and Accountability Plan (LCAP) and to develop school site goals to help improve student achievement and engagement. DMS believes that ongoing parent education plays a significant role in parent involvement and we continuously look for opportunities to engage parents in their own learning. For 2020-21, this includes district facilitated Parent University; parent informational meetings offered throughout the school year. For more information on how to become involved at the school, please call the office at (209) 632-2510.

School Safety

The safety of students and staff is a primary concern at Denair Middle School. The school is always in compliance with laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire or disaster drills are conducted on a monthly basis throughout the school year. Administrators, campus supervisor and assigned staff monitor school grounds before, during and after school. All visitors must sign in at the main office before entering the campus, wear a visitor's badge while on school grounds and sign out upon leaving.

The Comprehensive School Safety Plan was developed by the administration in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment.

Components of the Comprehensive School Safety Plan include child-abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster-response procedures, procedures for safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies, and the dress code. An updated copy of the plan is available to the public at the school office. The plan was last reviewed, updated and discussed with school staff in January 2022.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Superintendent's Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school's instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school's educational program, student achievement levels, and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

District Mission Statement

Denair Unified School District empowers tomorrow's leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

The total enrollment at the school was 223 students for the 2020-21 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Types of Services Funded

In addition to general state funding, Denair Unified School District receives state and federal categorical funding for special programs. The district received federal and state aid for the following categorical, special education and support programs:

- Federal, Elementary and Secondary Education Act (ESEA)
- Federal, Special Education IDEA
- Federal, Career Technical Education Secondary Schools
- State, Lottery Prop 20
- State, CTE Incentive Grant
- State, Special Education
- State, Ag Incentive Grant
- COVID Response SB117

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

■ Data for 2019–20 are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–20 school year.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

Note

Due to the COVID-19 pandemic, California Governor Gavin Newsom issued Executive Order N-30-20 which waived the requirement for statewide testing for the 2019–20 school year. Also due to the COVID-19 pandemic, the U.S. Department of Education approved a waiver of the requirement for statewide testing for the 2019–20 school year, as specified on the CDE Every Student Succeeds Act web page at <https://www.cde.ca.gov/re/es/>.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 10, 2020, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education's adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials. We are currently examining science textbooks/curriculum in the 2020-21 school year.

All Denair USD schools follow the district's textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

Interior	Ceiling tiles need to be replaced.	October 2021	

School Facilities

The school's facilities include 24 classrooms, a library, staff lounge, counseling office, cafeteria/auditorium/gymnasium, wellness center, tennis courts and outdoor basketball courts.

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Custodians and groundskeepers ensure all classrooms and facilities are kept up.

District maintenance staff ensure that the repairs necessary to keep the school in good working order are completed in a timely manner. A work-order process is used to ensure efficient service so that emergency repairs are given the highest priority.

"We strive to build positive relationships with our students, staff and families so all stakeholders are invested in our mutual success."

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2019-20 school year. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

This table displays the percent of authorization/assignment of teachers as well as the total number of teachers without credentials and misassignments at the school level. For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Permits/waivers: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Teacher Misassignments: The assignment of employees to teaching or pupil services positions for which the employee does not hold the required certificate, credential, or other statutory authorization.

Vacant Teacher Positions: The total number of the school's vacant teacher positions.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

Teacher Preparation and Placement

Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned): The teacher possesses a California preliminary or clear credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Intern Credential Holders Properly Assigned: The teacher possess a California intern credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Teachers Without Credentials and Misassignments ("ineffective" under Every Student Succeeds Act [ESSA]): An ineffective teacher is any of the following:

- An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
- A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned); or
- An individual who holds no credential, permit, or authorization to teach in California.
- "Ineffective" includes the following limited term emergency permits:
 - Provisional Internship Permits;
 - Short-Term Staff Permits;
 - Variable Term Waivers; and
 - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record.

Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA): A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of field:

- General Education Limited Assignment Permit (GELAP)
- Special Education Limited Assignment Permit (SELAP)
- Short-Term Waivers
- Emergency English Learner or Bilingual Authorization Permits
- Local Assignment Options

Unknown: These are instances where either information about the course assignment or the teacher is either missing or has been identified as incorrect. Therefore, an accurate assignment status cannot be currently made.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

This table displays the number of teachers and the total out-of-field teachers at the school level.

Credentialed Teachers Authorized on a Permit or Waiver: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Local Assignment Options: Means if an employing agency is unable to assign a teacher or other certificated employee with an appropriate credential, it can assign any fully-credentialed teacher outside of their area of credential authorization if the local educational agency abides by requirements in California Education Code and those required by the California Commission on Teacher Credentialing.

For more information on the definitions listed above, refer to the California Commission on Teacher Credentialing's Administrator's Assignment Manual at <https://www.ctc.ca.gov/credentials/manuals>.
