Principal's Message

We are proud of Denair Elementary Charter Academy (DECA) and welcome this opportunity to tell you more about us. We have an ongoing tradition of providing a unique small-school environment. This small-school environment allows us to address the needs of all students on a personal basis and really brings personalized education to life. Our stakeholders work together to ensure a positive experience and educational success for all students. The staff at DECA strives to meet each child's unique needs and provide every student with a rich, positive educational environment.

We currently offer two programs within our school. Students can enroll in our traditional program and receive Spanish as a world language one to three days per week to learn Spanish skills to prepare them for our global society. Students can enroll in our dual language immersion program and receive a majority of their instruction in Spanish with the goal of becoming bilingual, biliterate and multicultural. All DECA students participate in Academic Adventures, an elective program that introduces students to technology, art, drama, geography, STEM/STEAM, music, nutrition, etc.

We promote and implement Positive Behavioral Interventions and Supports (PBIS). PBIS is an evidence-based framework for developing positive behavior in order to create a positive climate for learning. We also have a college- and career-bound initiative on campus. We believe it is our responsibility to prepare students to be college and career ready.

We encourage you to join our DECA family! #DECAproud!

School Mission Statement

The mission/vision: Denair Elementary Charter Academy is dedicated to providing an equitable, innovative and engaging learning environment for all students with a multicultural and multilingual emphasis. We are a community that fosters positive relationships by promoting the growth of the whole student.

Parental Involvement

Parents and community members are an essential part of our school. DECA encourages and believes that parent and community involvement is crucial to ensure student achievement. Our parents, community and staff work together in a number of settings, including classroom volunteers, field trip chaperones, open house, back-to-school night, Advisory Committee, Local Control and Accountability Plan (LCAP) meetings, parent-teacher conferences, DECA Parents Club (DECA PC), community events and many more ways. We encourage any parents or community members who want to become involved to contact the school at (209) 632-8887.

School Safety

The safety of students and staff is a primary concern at Denair Elementary Charter Academy. The school is always in compliance with laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire or disaster drills are conducted on a monthly basis throughout the school year. Administrators, the campus supervisor and assigned staff monitor school grounds before, during, and after school. All visitors must sign in at the main office before entering the campus, wear a visitor's badge while on school grounds and sign out upon leaving.

The Comprehensive School Safety Plan was developed by the administration in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment.

Components of the Comprehensive School Safety Plan include child-abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster-response procedures, procedures for safely entering and exiting the school, the sexual-harassment policy, suspension and expulsion policies and the dress code. An updated copy of the plan is available to the public at the school office. The plan was last reviewed, updated and discussed with school staff in January 2023.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Superintendent's Message

The purpose of the School Accountability Report Card (SARC) is to provide parents with information about the school's instructional programs, academic achievements, instructional materials, staff and facilities.

We recognize that parents and the community play a very important role in the school. Understanding the school's educational program, student achievement levels and curriculum can assist both the school and the community in ongoing improvement.

We have made a commitment to provide the best educational experience possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring Denair schools offer a safe and welcoming environment, where students are actively engaged in their own learning as well as developing positive values.

District Mission Statement

Denair Unified School District empowers tomorrow's leaders through exemplary instruction and powerful innovative programs. Our exceptional school environments are the best educational choice for all students.

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Types of Services Funded

In addition to general state funding, De-nair Unified School District receives state and federal categorical funding for special programs. The district received federal and state aid for the following categorical, special education and support programs:

- Federal: Elementary and Secondary Education Act (ESEA)
- Federal: Special Education IDEA
- Federal: Career Technical Education Secondary Schools
- State: Lottery Prop 20
- State: CTE Incentive Grant
- State: Special Education
- State: Ag Incentive Grant
- COVID Response SB117

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. Due to changes to the 2021–22 PFT administration, only participation results are required for the five fitness areas.

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students participating in each of the five fitness components for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP – California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8, and once in high school (i.e., grade 10, 11 or 12).

Mathematics	*	17%	*	11%	*	33%

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The “percentage met or exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

Denair Unified School District held a public hearing on September 8, 2022, and determined each school within the district had sufficient and good quality textbooks or instructional materials pursuant to the Williams Settlement. All students, including special education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments.

The district follows the State Board of Education's adoption cycles for core content materials. English language arts and mathematics textbooks and instructional materials used within the district are aligned with the California Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials.

All Denair USD schools follow the district's textbook-adoption process and integrate appropriate supplemental instructional materials when necessary. The schools also provide additional alternative materials to meet the needs of students in the homeschooling process.

School Facilities

Our school includes 34 classrooms, a library, staff lounge, Language Lab, Intervention Lab, three playgrounds, cafeteria, gymnasium and an office.

The district governing board has adopted cleaning standards for all schools in the district. All schools are on a regular cleaning schedule. Custodians and groundskeepers ensure all classrooms and facilities are kept up.

District maintenance staff ensures that the repairs necessary to keep the school in good working order are completed in a timely manner. A work-order process is used to ensure efficient service so that emergency repairs are given the highest priority.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsupdfdash201.asp>.
